Hearsay: When the Evidence said is given outside the Court.

Example:

Advocate / Judge: *A colleague of mine informed me that a security guard spotted you at the mall, why would you lie about your location?*

Advocate: *Objection. The information used was given outside the Court.*

Leading question or speculation: Question that suggests an answer, yes or no.

Example:

Witness: *I was not really paying attention so I couldn't recognize if it was him.*

Advocate / Judge: *But you saw him, did you not?*

Advocate: *Objection. The question leads to/speculates about my Witness innocence.*

Compound question: Question that asks multiple things.

Example:

Advocate: *How often and how much time do you spend on each visit to a clinic?*

Advocate / Judge: *Objection. The Advocate is asking multiple questions in one*.*

Narrative: Either a Witness or an Advocate is telling a narrative as part of their answer.

Example:

Witness: *I was on my way to the supermarket when I saw the man that matched the description given by the police.*

Advocate: *How are you sure that that was the man the police has been looking for?*

Witness: *I saw the man on my way to the supermarket and at first sight it matched the description.*

Advocate: *Objection. The Witness is using a part of its Testimony to answer the question.*

Argumentative: When the Advocate argues with the Witness.

Example:

Advocate / Judge: *How did you manage to destroy a whole building with explosives in a matter of seconds?*

Witness: *I don't know what you are talking about. I only remember being in my house watching TV. You should try asking the people near the building.*

Advocate / Judge: *How can you be so calm about the situation? Millions died.*

Witness: *I just do not care. Didn't affect me at all.*

Advocate / Judge: *Believe me, after this, you will care.*

Advocate: *Objection. The Advocate / Judge is making argumentative Statements*.*

Advocate / Judge: *I've seen your criminal record, how am I supposed to believe you with all the lies and violent acts you've done?*
